BACKGROUND

The United States Agency for International Development (USAID)'s Bureau for Humanitarian Assistance (BHA) is responsible for facilitating and coordinating U.S. Government (USG) humanitarian assistance overseas in response to all types of international disasters, including slow-onset disasters such as droughts or famine, natural disasters such as earthquakes or floods, or man-made disasters such as conflict or war. BHA is responsible for planning, coordinating, developing, achieving, monitoring, and evaluating international humanitarian assistance falling into two conceptual areas:

- *Humanitarian Response* activities comprise needs-based humanitarian assistance provided to save lives, alleviate suffering, and protect human dignity during and in the aftermath of emergencies. Humanitarian assistance is grounded in humanitarian principles and is directed toward the most vulnerable populations.
- *Early Recovery, Risk Reduction, and Resilience (ER4)* activities will set the initial foundations for longer-term recovery as appropriate and will work in close conjunction with humanitarian assistance. Early recovery is an approach that supports communities impacted by crises to protect and restore basic systems and service delivery. Early recovery builds on humanitarian response efforts and establishes the initial foundations of long-term recovery. Early recovery activities are implemented for a specified, appropriate timeframe that assists populations recovering from an identifiable shock. Risk reduction is the prevention of new and reduction of existing disaster risk and management of residual risk, which contributes to strengthening resilience and to the achievement of sustainable development. Resilience is the ability of people, households, communities, countries, and systems to mitigate, adapt to, and recover from shocks and stresses in a manner that reduces chronic vulnerability and facilitates inclusive growth.

BHA has seven offices, as follows:

The Bureau's three geographic offices are: (1) Office of Africa; (2) Office of Asia, Latin America and the Caribbean; and (3) the Office of the Middle East, North Africa and Europe. Each geographic office designs, provides, and assesses humanitarian assistance for their respective regions, including assistance related to responding to, recovering from, and reducing the risk of man-made and natural disasters, while linking with other USAID investments that build resilience.

The Office of Global Policy, Partnerships, Programs, and Communications (G3PC) shapes and influences USAID's role within the international humanitarian system; leads engagement on a range of policy, programmatic, and operational issues; and positions the Agency to influence collective response to emergency needs across the globe.

The Office of Technical and Program Quality (TPQ) leads the Bureau's efforts to provide high-quality programmatic and technical leadership, oversight, and guidance. In addition, TPQ

leads the Bureau's external engagement with academia and coordinates research to advance the effectiveness, efficiency, and impact of humanitarian and multi-year programming.

The Office of Humanitarian Business and Management Operations (HBMO) is responsible for maintaining 24/7 operability by providing leadership, planning, quality assurance, technical expertise, and process management. HBMO ensures effective stewardship of the Bureau's support services, including workforce planning, staffing, financial management, internal controls, facilities operations and infrastructure.

The Office of Field and Response Operations (FARO) leads and manages operational assistance and the purchase and delivery of goods and services in response to declared foreign disasters and international humanitarian needs in key functional areas, including supply-chain management, procurement, logistics, oversight, and operational coordination with the U.S. military.

INTRODUCTION

The Office of Middle East, North Africa, and Europe (MENAE) designs, provides, and assesses humanitarian assistance, including assistance related to responding to, recovering from, and reducing the risk of man-made, complex emergencies, and natural disasters, while linking with other USAID investments which build resilience. ATTACHMENT 1**USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)****MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)**

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission

Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

[End of Provision]

ATTACHMENT 2**GP. 5 Leave and Holidays (NOV 2021)****(Pursuant to class deviation #M/OAA-DEV-AIDAR-22-1-c)****(a) Annual Leave**

(1) The contractor is not entitled to annual leave if the period of performance of this contract is 90 days or less. If the contract period of performance is more than 90 days, the contractor shall earn annual leave as of the start date of the contract period of performance as specified in paragraph (a)(2) below.

(2) The contractor shall accrue annual leave based on the contractor's time in service according to the following table:

Time in Service	Annual Leave (AL) Accrual Calculation
0 to 3 years	Four hours of leave for each two week period
over 3, and up to 15 years	Six hours of AL for each two week period (including 10 hours AL for the final pay period of a calendar year)
over 15 years	Eight hours of AL for each two week period

USAID will calculate the contractor's time in service based on all the previous service performed by the contractor as a: 1) USAID PSC (i.e., the contractor has served under any USAID personal services contracts of any duration covered by Sec. 636(a)(3) of the FAA or other statutory provision applicable to USAID); and/or 2) former U.S. Government (USG) direct-hire, under either civilian and/or military service.

(3)

(i) AL is provided under this contract for the purposes of affording necessary rest and recreation during the period of performance. The contractor, in consultation with the USAID Mission or USAID/Washington, as appropriate, shall develop an AL schedule early in the contractor's period of performance, taking into consideration project requirements, employee preference, and other factors. All AL earned by the contractor must be used during the contractor's period of performance. All AL earned by the contractor, but not taken by the end of the contract, will be forfeited. However, to prevent forfeiture of AL, the Contracting Officer may approve the contractor taking AL during the concluding weeks of the contractor's period of performance.

(ii) As an exception to 3(i) above, the contractor may receive a lump-sum payment for leave not taken. To approve this exception, the contractor's supervisor must provide the Contracting Officer with a signed, written Determination and Findings (D&F). The D&F must set out the facts and circumstances that prevented the contractor from taking AL, and the Contracting Officer must find that these facts and circumstances were not caused by,

or were beyond the control of, the contractor. This leave payment must not exceed the number of days which could be earned by the contractor during a twelve-month period.

(4) With the approval of the Mission Director or cognizant AA, as appropriate, and if the circumstances warrant, a Contracting Officer may grant the contractor advance AL in excess of the amount earned, but in no case may the Contracting Officer grant advance AL in excess of the amount earned in one year or over the life of the contract, whichever is less. The contractor agrees to reimburse USAID for any outstanding balance of advance AL provided during the contractor's assignment under the contract.

(5) Applicants for PSC positions will provide evidence of their PSC and/or USG direct-hire service - civilian and/or military experience, as applicable, on their signed and dated application form required under USAID policy. By signing the appropriate form, the applicant attests to the accuracy of the information provided. Any applicant providing incorrect information is subject to the penalty provisions in the form. If required to satisfy due diligence requirements on behalf of the Contracting Officer, the contractor may be required to furnish evidence that verifies length of service, e.g., SF 50, DD Form 214, and/or signed contracts.

(b) Sick Leave. The contractor may use sick leave on the same basis and for the same purposes as USAID U.S. direct hire employees. Sick leave is earned at a rate not to exceed four (4) hours every two (2) weeks for a total of 13 work-days per year. Unused sick leave may be carried over under an extension or renewal of this contract with the same individual for the same work. Otherwise, sick leave will not be carried over from one post to another or from one contract to another. The contractor will not be compensated for unused sick leave upon completion of this contract.

(c) Home Leave.

(1) Home leave is leave earned for service abroad for use only in the U.S., its commonwealths, possessions and territories.

(2) A USPSC who has served at least two years overseas at the same USAID Mission, under the same contract, as defined in paragraph (c)(4) below, and has not taken more than 30 work days leave (annual, sick or LWOP) in the U.S. may be granted home leave in accordance with the following:

(i) if the USPSC returns to the same overseas post upon completion of home leave for an additional two (2) years under the same contract, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days; or
if the USPSC returns to the same overseas post upon completion of home leave for such shorter period of not less than one year, as approved in writing by the Mission Director prior to the USPSCs departure on home leave, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days.

(ii) if the USPSC is returning to a different USAID Mission under a USAID personal services contract immediately following completion of the USPSC's home leave, for an additional two (2) years under contract, or for such shorter period of not less than one (1) year, as approved by the Mission Directors of the "losing" and "gaining" Missions, the contractor will receive home leave, to be taken at one time, for a period of not more than 20 work days. When the PSC is returning to a different USAID Mission, the former Mission will pay for the home leave regardless of what country the PSC will be working in following the home leave;

(iii) if home leave eligibility is based on (c)(2)(ii) above, the USPSC must submit written verification to the losing Mission at the time home leave is requested that the USPSC has accepted a USAID personal services contract at another USAID Mission following completion of the home leave;

(iv) travel time by the most direct route is authorized in addition to the number of work days authorized for home leave;

(v) home leave must be taken in the U.S., its commonwealths, possessions or territories, and any days spent elsewhere will be charged to annual leave (AL.) If the PSC does not have accrued AL, the PSC will be placed on LWOP.

(vi) if the PSC does not complete the additional service required under (c)(2)(i) or (ii) (that the Contracting Officer finds are other than for reasons beyond the PSC's control), the cost of home leave, travel and transportation and any other related costs must be repaid by the PSC to the Government.

(3) Notwithstanding the requirement in paragraph (c)(2) above, that the USPSC must have served two (2) years overseas under personal services contract with the same Mission to be eligible for home leave, the USPSC may be granted advance home leave subject to all of the following conditions:

(i) Granting of advanced home leave would in each case serve to advance the attainment of the objectives of this contract; and

(ii) The USPSC has served a minimum of 18 months in the Cooperating Country under this contract; and

(iii) The USPSC agrees to return to the Cooperating Country to serve out the remaining time necessary to meet two (2) years of service overseas, plus an additional two (2) years under the current contract or under a new contract for the same or similar services at the same Mission. If approved in advance by the Mission Director, the USPSC may return to serve out any remainder of the two (2) year requirement for service overseas, plus an additional period of not less than one (1) year under the current contract or under a new contract for the same or similar services at the same Mission.

(4) The period of service overseas required under paragraph (c)(2), or paragraph (c)(3) above, will include the actual days in orientation in the U.S. (less language training). The actual days overseas begin on the date of arrival in the cooperating country inclusive of authorized delays enroute. Allowable annual and sick leave taken while overseas, but not LWOP, shall be included in the required period of service overseas. An amount equal to the number of days of annual and sick leave taken in the U.S., its commonwealths, possessions or territories will be added to the required period of service overseas.

(5) Salary during the travel to and from the U.S., for home leave will be limited to the time required for travel by the most expeditious air route. Except for reasons beyond the USPSC's control as determined by the Contracting Officer, the USPSC must return to duty after home leave and complete the additional required service or be responsible for reimbursing USAID for payments made during home leave. Unused home leave is not reimbursable under this contract, nor can it be taken incrementally in separate time periods.

(6) Home leave must be taken at one time, and to the extent deemed necessary by the Contracting Officer, an USPSC in the U.S., on home leave may be authorized to spend not more than five (5) days in work status for consultation at USAID/Washington before returning to post. Consultation at locations other than USAID/Washington as well as any time in excess of five (5) days spent for consultation must be approved by the Mission Director or the Contracting Officer.

(d) Home Leave for Qualifying Posts (HLQP). USPSCs who ordinarily qualify for home leave and have completed a 12-month assignment at one of the USAID qualifying posts (currently Iraq, Afghanistan and Pakistan) are entitled to take ten (10) workdays of leave in addition to the home leave an USPSCs is normally entitled to under the contract in accordance with sub-paragraphs (c)(1) - (6) above. This additional home leave is provided pursuant to an amendment to the Foreign Service Act of 1980 signed by the President on June 15, 2006.

There is no requirement that an eligible USPSC take this additional leave; it is for optional use by the USPSC. If an eligible USPSC elects to take HLQP, the USPSC must take ten (10) workdays of home leave. If the USPSC is returning to the United States and not returning overseas to the same or different USAID Mission, HLQP will not apply.

This new home leave policy is also extended to qualifying **Third-Country National PSCs (TCNPSCs)** who have an approved exception under AIDAR Appendix J, sec. 4(c)(2)(ii)(B), to apply specific provisions from AIDAR Appendix D, and whose contract includes this General Provision. However, TCNPSCs will be granted "country leave" vice home leave. The application, requirements, and restrictions will be the same as for USPSCs, but the time taken by a TCNPSC will be taken in the TCNPSC's home country or country of recruitment rather than in the United States, its commonwealths and territories.

(e) Holidays and Excused Absences. The contractor shall be entitled to all holidays and or excused absences granted by the USAID to U.S. direct-hire employees.

(f) Military Leave. Military leave of not more than 15 calendar days in any calendar year may

be granted to a contractor who is a reservist of the U.S. Armed Forces. The contractor must provide advance notice of the pending military leave to the Contracting Officer or the Mission Director as soon as known. A copy of any such notice must be part of the contract file.

(g) Leave Without Pay (LWOP). LWOP may be granted only with the written approval of the Contracting Officer or Mission Director, unless a USPSC is requesting for such leave for family and leave purposes under paragraph (i) below.

(h) Compensatory Time. USAID may grant compensatory time off only with the written approval of the contracting officer or Mission Director in rare instances when it has been determined absolutely essential and consistent with the policies that apply to USAID U.S. direct hire employees. The contractor may use earned compensatory time off in accordance with policies that apply to USAID direct-hire employees.

(i) Family and Medical Leave (FML)

(1) USAID provides family and medical leave (FML) for eligible USPSCs working within the U.S., or any Territories or possession of the United States, in accordance with Title I of the Family and Medical Leave Act of 1993, as amended, and as administered by the Department of Labor under [29 CFR 825](#). USAID is also extending FML to eligible USPSCs working outside the U.S., or any Territories or possession of the U.S., in accordance with this paragraph (i) as a matter of policy discretion.

(2) FML only applies to USPSCs, not any other type of PSC.

(3) In accordance with 29 CFR 825.110, to be eligible for family and medical leave, the contractor must have--

- (i) Been employed or under contract for at least twelve (12) months with a U.S. federal agency as a direct-hire or a personal services contractor; and
- (ii) Performed at least 1,250 hours of service with a U.S. federal agency as a direct hire or a personal services contractor during the previous 12-month period immediately preceding the commencement of family and medical leave.

(4) In accordance with [29 CFR 825.200\(a\)](#) and USAID policy, an eligible USPSC may take up to 12 workweeks of leave under FMLA, Title I, in any 12-month period for the following reasons:

- (a) The care of the USPSC's newborn child.
- (b) The care of the USPSC's newly placed adopted or foster care child.
- (c) The care of the USPSC's spouse, child or parent with a serious health condition.
- (d) The USPSC's own serious health condition.
- (e) A qualifying exigency arising from the USPSC's spouse, child or parent in active duty military status.
- (f) Other qualifying exigencies as determined by the Department of Labor.

(5) In accordance with [29 CFR part 825.207](#), the contractor may take LWOP for family and medical leave purposes. However, the contractor may choose to substitute LWOP with accrued annual or sick leave earned under the terms of this contract. If the contractor does not choose to substitute accrued paid leave, the contracting officer, in consultation with the contractor's supervisor, may require the contractor to substitute accrued paid leave for LWOP. The contracting officer must obtain the required certifications for approval of family medical leave in accordance with USAID policy. The contractor must notify the contractor's Supervisor of the intent to substitute paid leave for LWOP prior to the date such paid leave commences. After having invoked the entitlement to family and medical leave and taking LWOP for that purpose, the contractor cannot retroactively substitute paid leave for the LWOP already taken under family and medical leave.

(6) FML is not authorized for any period beyond the completion date of this contract.

(7) When requesting FML, the USPSC must demonstrate eligibility to the USPSC's supervisor by completing USAID's FML request forms, including certifications and other supporting documents required by USAID policy.

(8) The U.S. Department of Labor's (DOL's) [Wage and Hour Division \(WHD\) Publication 1420](#) explains the FMLA's provisions and provides information concerning procedures for filing complaints for violations of the Act.

(j) Paid Parental Leave.

(1) If the contractor is eligible for family and medical leave in accordance with paragraph (i) "Family and Medical Leave" of this clause, then instead of family and medical leave, the contractor may be authorized to take paid parental leave as specified in this paragraph, similar to that provided to USAID direct-hire employees. When authorized to do so by the contracting officer, the contractor may elect to substitute paid parental leave for up to twelve (12) workweeks of family and medical leave, as specified in paragraph (i) of this clause. The contractor may take such paid parental leave after the occurrence of the birth or placement of a child which results in the contractor assuming and continuing a parental role with respect to the newly born or placed child in accordance with the requirements of this paragraph (j).

(2) Paid parental leave may be taken intermittently or on a reduced leave schedule, subject to the mutual agreement of the contractor and their supervisor. Paid parental leave must be used no later than the end of the 12-month period beginning on the date of the birth or placement involved. At the end of that 12-month period, any unused balance of paid parental leave expires and is not available for future use. No payment will be made for unused or expired paid parental leave. Paid parental leave is not annual leave, and thus will not be included in any lump-sum payment for annual leave following completion or termination of the contract.

(3) To establish eligibility for paid parental leave, the contracting officer may require the contractor to provide documentation of entitlement and a signed certification. Appropriate documentation of entitlement is to show that the contractor's use of paid parental leave is directly connected with a birth or placement that has occurred, such as a birth certificate or a document from an adoption or foster care agency regarding the placement. By the signed certification, the contractor is attesting that the paid parental leave is being taken by the contractor in connection with the documented birth or placement, and that the contractor has a continuing parental role with respect to the newly born or placed child.

(4) (i) The contractor may not use any paid parental leave unless the contractor agrees in writing, before commencement of the leave, to return immediately after completing paid parental leave to continue performance under this contract for at least 12 workweeks. This 12-workweek period of performance obligation begins on the contractor's first scheduled workday after the contractor concludes taking such leave, whether taken consecutively or intermittently, regardless of the amount of leave taken. The period of performance obligation by the contractor is fixed at 12 workweeks regardless of the amount of leave used by the contractor. Due to this 12-workweek mandatory period of performance obligation, the contracting officer will not authorize paid parental leave for use by the contractor within the last 12 workweeks before the contract end date, including option periods if any, regardless whether exercised. Within the last 24 workweeks of the contract, because of the mandatory 12-week period of obligation, the contracting officer will only authorize paid parental leave for any time remaining before the contract end date beyond the 12-week mandatory period of performance. Any paid parental leave taken by the contractor as well as the 12-week period of performance obligation must be completed by the contract end date, including any option periods, regardless of whether exercised.

(ii) If the contractor is eligible for paid parental leave, but is physically or mentally incapable of entering into the period of performance obligation agreement before the period of leave, such leave may be temporarily authorized, or retroactively invoked upon return to duty, subject to a determination that, in the Agency's judgment, the contractor was incapable of entering into such agreement in accordance with the requirements of this paragraph (4) at the time of the commencement of the leave entitlement.

(5) (i) If, during the period of paid parental leave or of the required 12-workweek period of performance obligation, the contractor learns, or decides, they will not be able or willing to complete the period of performance obligation, the contractor must notify their supervisor and contracting officer of the situation as soon as possible. After receiving such notice, the contracting officer will coordinate with the supervisor to determine whether reimbursement is required in accordance with this paragraph (5).

(ii) If the contractor fails to return to work for the required 12-week obligation, the Agency will require reimbursement from the contractor of

an amount equal to the total amount of the Government contributions paid by the Agency to or on behalf of the contractor to maintain the contractor's health insurance coverage during the period of paid parental leave.

(iii) The contracting officer may waive the reimbursement requirement of this paragraph (5) if the contractor is unable to fulfill the required 12-workweek obligation for any of the following reasons:

(A) in the Agency's judgment, the contractor is unable to return to work because of the continuation, recurrence, or onset of a serious health condition (including mental health) of the contractor or the newly born or placed child—but only if the condition is related to the applicable birth or placement; or

(B) in the Agency's judgment, the contractor is unable to return to work due to circumstances beyond the contractor's control that precludes performance under the contract; or (

C) the contracting officer terminates the contract for convenience in accordance with the clause entitled "Termination", or does not exercise any option period.

(k) Leave Records. The contractor shall maintain current leave records for himself/herself and make them available, as requested by the Mission Director or the Contracting Officer.

30. Relocation Expense Benefit

GP. 30 Relocation Expense Benefit [Deviation (NOV 2021)]

If the contractor's period of performance abroad is for twelve consecutive months or more, USAID may provide a one-time payment to assist the contractor with extraordinary relocation expenses as follows:

(a) A contractor legally residing in, and relocating from the U.S., its commonwealth, possessions or territories to an overseas post; or a personal services contractor relocating immediately from a prior USAID overseas post to the USAID overseas post under this contract, may receive a miscellaneous relocation expense payment of—

(1) \$750 or the equivalent of one week's pay, whichever is the lesser amount, if the contractor is unaccompanied; or

(2) \$1,500 or the equivalent of two weeks' pay, whichever is the lesser amount, if the contractor is accompanied with eligible family members.

(b) In addition, a contractor legally residing in, and relocating from the U.S., its commonwealth, possessions or territories to the cooperating country pursuant to this personal services contract may receive a pre-departure subsistence expense reimbursement for the contractor and each eligible family member for up to 10 days before final departure to the cooperating country abroad, beginning not more than 30 days after the contractor has vacated their

residence, using the following partial flat rate method:

(1) an actual lodging amount (excluding lodging tax) up to the lodging portion of the per diem of the U.S. locality of the contractor's legal place of residence, and a flat amount equal to the meal and incidental expense (M&IE) portion of the per diem according to the formula below. In addition, the contractor may be reimbursed separately for taxes imposed on actual lodging expenses, if any. Receipts are required only for lodging.

(2) For the initial occupant, whether the contractor or accompanying eligible family member age 12 or over, a daily lodging amount not in excess of the published lodging portion of the per diem rate for the U.S. locality at which the occupant normally resides, and a flat amount equal to the meal and incidental expense portion of the referenced per diem rate to defray costs for meals, laundry and dry cleaning.

(3) For each additional occupant, whether the contractor or accompanying eligible family member age 12 or over, a daily lodging amount not in excess of 75% of the published lodging portion of the per diem rate for the U.S. locality at which the occupant normally resides, and a flat amount equal to 75% of the meal and incidental expense portion of the referenced per diem rate to defray costs for meals, laundry and dry cleaning.

(4) For each accompanying eligible family member occupant under age 12, a daily lodging amount not in excess of 50% of the published lodging portion of the per diem rate for the U.S. locality at which the occupant normally resides, and a flat amount equal to 50% of the meal and incidental expense portion of the referenced per diem rate to defray costs for meals, laundry and dry cleaning.

(5) A contractor and any accompanying eligible family member relocating from a place other than the U.S., its commonwealth, possessions or territories to the cooperating country, will not be eligible for the pre-departure subsistence expense portion of the relocation expenses.

(6) Expenses of local transportation are not allowable.

(c) The contractor must obtain approval for what is authorized in paragraphs (a) and (b) of this clause in the Travel Authorization (TA) issued by USAID to the contractor, in accordance with the Travel and Transportation Expenses clause. The contractor must claim reimbursement under the TA only after the contractor and all accompanying eligible family members, if any, have arrived in the cooperating country.

(d) If the contractor does not complete twelve consecutive months in the cooperating country, except for reasons beyond the contractor's control, the contractor will be liable to reimburse USAID for the amount of the relocation expense benefit received. * * * *

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.
