11. STATEMENT OF DUTIES

GENERAL STATEMENT OF PURPOSE OF THE CONTRACT

The Offices of Middle East, North Africa, and Europe (MENAE) and Asia, Latin America, and Caribbean (ALAC) design, provide, and assess humanitarian assistance, including assistance related to responding to, recovering from, and reducing the risk of man-made, complex emergencies, and natural disasters, while linking with other USAID investments which build resilience. To achieve these objectives, humanitarian experts based overseas coordinate with local authorities and USAID Missions, while humanitarian experts based in Washington, D.C., coordinate with the Department of State, Department of Defense, National Security Council, and USAID Regional Bureaus.

Both Offices consist of (3) three geographic Divisions: MENAE contains 1) Europe and North Africa, 2) the Middle East Arabian Peninsula and Iran, and 3) the Middle East and Levant; ALAC contains 1) Latin America and the Caribbean, 2) East Asia and the Pacific, and 3) South and Central Asia. These divisions are responsible for the provision of emergency humanitarian assistance through grants and cooperative agreements to non-governmental organizations (NGOs); international organizations (IO) including United Nations (UN) agencies; and to other partners to ensure the implementation and delivery of this assistance. These divisions also oversee Bureau for Humanitarian Assistance (BHA) nonresponse efforts in disaster risk reduction (DRR), resilience, and humanitarian transition in their respective regions.

The Deputy Team Leads (DTLs) play a central role in the USG's disaster response, humanitarian assistance, DRR, resilience, and early recovery programs. Their core function is to lead, manage, and support BHA portfolios that require significant USG policy engagement and humanitarian program management. The DTLs will report to the Regional Team Leaders who work closely with Division Chiefs in Washington, and report to the appropriate Office Director.

The ALAC and MENAE Offices each require the services of experienced humanitarian professionals, who will serve as the DTLs in Washington, D.C. to support a complex portfolio and its implementation, ensuring that BHA's objectives for disaster assistance, risk reduction, strategic reporting, interagency coordination, situational analysis, and staff management are met.

STATEMENT OF DUTIES TO BE PERFORMED

This position requires an individual to manage and represent the humanitarian portfolio for Washington, D.C. After the BHA Team Leader (TL), the DTL will serve as the secondary contact and liaison for BHA's ongoing humanitarian assistance activities as well as for resilience and DRR programs in a given region. The DTL will be responsible for program analysis and strategy development and work closely within the BHA Team, and with other USAID/Washington D.C. staff, as well as with the international donors, UN organizations, IOs, and international/local NGOs

in disaster mitigation, and responding to humanitarian needs and sudden onset disasters. Depending on the size of the team, it is likely the DTL will also oversee and guide staff on program management. In the absence of the TL, the Deputy will serve as Acting TL as needed.

Contextual Specialty

- Develop and maintain knowledge of the key humanitarian, DRR, and resilience issues within the Team portfolio.
- Maintain an in-depth understanding of political, humanitarian, organizational, and stakeholder interests specific to the Team portfolio.
- Monitor incipient disasters, international disaster response plans and efforts, and major humanitarian issues and challenges in the area of responsibility through a wide range of USG and international sources.
- Identify humanitarian issues, priorities, lessons learned, and opportunities within and relevant to the Team portfolio.
- Prepare and/or provide substantive assistance in the preparation of regular strategic and analytical reports on current or anticipated emergencies, as well as comprehensive preparedness documentation on the Team portfolio.

Portfolio Management

- In consultation with field colleagues, manage Washington, D.C. engagement efforts to identify and assess on-going and emerging humanitarian assistance requirements, target beneficiary groups, and locations, oversee the general direction of existing relief and transition-oriented programs, and broadly recommend the types of interventions and budget levels required in the team portfolio.
- In conjunction with the BHA TL, closely collaborate with USAID Regional and colleagues from other USAID Bureaus on program coordination to share information, avoid overlap, and explore opportunities for synergies and transition efforts.
- Liaise with partners and other donors, coordinate with USAID BHA staff on issues of mutual interest, and provide coordinated field feedback to the partners.
- Coordinate collection of information and provide updates and recommendations through written reports on issues related to the humanitarian situation, including the following:
 - Capacity and ability of UN, IOs, NGOs, and local institutions to carry out programs.
 - Capacity of the logistics infrastructure to support programs.
 - Security situation of beneficiaries, personnel, convoys, and relief operations in general.
 - Contributions by other donors, problems arising from implementation of relief and reintegration programs, and any other issues that require the attention of BHA.
 - Humanitarian coordination issues and any recommendations for change.
- Based on BHA's Guidelines for Unsolicited Proposals and Reporting, provide guidance to organizations that are developing proposals for BHA.
- Review concept papers and proposals and provide timely recommendations/comments to BHA.
- Ensure reporting on a timely basis to the BHA TL, Division Chief, and other Washington, D.C. stakeholders on the quality of grantees' work, noting deficiencies, attributes, and evolving operational conditions.

Representation

- As directed by the USAID TL, represent BHA at meetings within the USG and with humanitarian stakeholders to convey humanitarian concerns and priorities from the USAID and BHA perspective through oral and written briefings.
- Coordinate meetings such as:
 - Meetings with individuals and groups of implementing partners discussing programmatic priorities, objectives, progress, results, and challenges.
 - Donor and implementing partner coordination forums.
- Feed into discussions, meetings, and papers informing USG foreign policy in areas with humanitarian concerns or impacts.
- Serve as the supporting point of contact for BHA for humanitarian issues and serve as a liaison on program issues among USAID Mission staff, the U.S. Embassy, and other USG agencies, military representatives, BHA/Washington, and the overall humanitarian community.
- Present USAID and BHA perspectives to NGOs, IOs, and UN agencies relating to humanitarian assistance strategies and priorities, including BHA's approach to sustainable, resilience-oriented humanitarian programs.
- Work closely with the USAID/BHA TL and Team to discuss and understand sectoral priorities.
- As directed by the TL, represent USG humanitarian interests at national and international meetings and conferences, and facilitate, as requested, travel and briefings for official USG visitors interested in humanitarian issues.

Leadership

- Provide recommendations on current and future directions of BHA's portfolio to include programmatic, budgetary, and human resource requirements.
- The DTL does not have supervisory responsibilities; however, the PSC may serve in an acting leadership role within the bureau in order to meet short-term staffing needs, not to exceed 120 days in a 12-month contract year within the BHA Team in USAID/Washington, D.C.
- Participate, as assigned, in a wide range of office-wide policy, process, and strategic initiatives and working groups to ensure ALAC/MENAE Office's priorities and operating realities are reflected in outcomes.
- Actively solicit and consolidate feedback from the division on these initiatives and work with the Office Directors, Division Chiefs, TLs, and other DTLs to identify the division's strategic interests and find creative ways to find solutions beneficial to the division as well as the office.
- In coordination with other BHA Offices and field teams, incorporate humanitarian concerns into regional activities and identify opportunities to leverage USAID interventions.
- Support the professional development of team members through mentorship.

General Duties

- Serve in Deputy leadership, planning, or program positions on response teams, assessment teams, or provide coverage for field offices within and outside the region.
- May serve on Disaster Assistance Response Teams (DARTs) overseas. While not common, this may require immediate (within 24 hours) deployment overseas for an extended period of

time but this requirement is flexible during the current pandemic and the office would take personal situations into consideration. Staff preparedness and readiness are essential for safety while ultimately providing for a successful response mission during the COVID-19 pandemic. BHA has standardized and systematic preparedness requirements in place to ensure that both its systems and personnel are always prepared for a no-notice event.

- May serve as needed, on Washington, D.C.-based Response Management Teams (RMTs), which provide services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- As needed, may serve on a temporary detail within the office. Duties performed while on the detail will be aligned with the Team's existing duties and responsibilities as well as directly related to the scope of work provided.
- Develop professional and technical skills of staff working on RMTs and DARTs.
- Communicate and coordinate information, programs, and strategies with staff in the USAID Regional Bureaus, USAID regional offices, and with US Mission counterparts.
- Become certified and serve as an Agreement Officer's Representative/Contracting Officer's Representative (AOR/COR), as assigned. The AOR/COR provides financial and programmatic oversight of all aspects of managing the agreement or contract; this includes but is not limited to reviewing invoices, requests for approvals, program/project deliverables (i.e. work plans, annual reports, month status reports), travel requests, key personnel requests, and financial/budget reports. They are responsible for drafting and submitting the annual contractor performance evaluation in the Contract/Assistance Performance Assessment Review System. They prepare and review contract/assistance modifications documentation and assist the Contracting/Agreement Officer to ensure performance is compliant with the terms and conditions of the contract/agreement, the FAR, and USAID policy. AOR/CORs are responsible for all related requirements in the [COR designation letter](#) and the [AOR designation letter](#).

SUPERVISORY RELATIONSHIP:

The DTL will report directly to the BHA TL within USAID or their designee.

SUPERVISORY CONTROLS:

Supervisor provides administrative directions in terms of broadly defined missions or functions. The USPSC independently plans, designs and carries out programs, projects, studies or other work. Results are considered authoritative and are normally accepted without significant change.

APPENDIX 1**USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006) MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)**

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance

provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

[End of Provision]

APPENDIX 2

GP. 5 Leave and Holidays [Deviation (NOV 2021)]

(a) Annual Leave

(1) The contractor may accrue annual leave at the rate specified in paragraph (a)(2) of this clause as follows:

- (i) If the contract period of performance is ninety (90) calendar days or more, and the contractor's performance is continuous for the contract period of performance, the contractor is entitled to accrue annual leave as of the start date of the contract.
- (ii) If the contract period of performance is ninety (90) calendar days or more, and the contractor's performance is not continuous during the contract period of performance, the contractor is entitled to accrue annual leave only for each instance of continuous performance of ninety (90) calendar days or more.
- (iii) If the contract period of performance is less than ninety (90) calendar days, the contractor is not entitled to accrue annual leave.

(2) The rate at which the contractor will accrue annual leave is based on the contractor's time in service according to the table of this paragraph (a)(2). The accrual rates are based on a full-time, 40-hour workweek, which will be prorated if the contract provides for a shorter workweek:

Time in Service	Annual Leave (AL) Accrual Rate
0 to 3 years	4 hours of leave for each 2-week period
over 3, and up to 15 years	6 hours of AL for each 2-week period (including 10 hours AL for the final pay period of a calendar year)
over 15 years	8 hours of AL for each 2-week period

(i) USAID will calculate the time in service based on all the previous service performed by the contractor as—:

(A) An individual personal services contractor with USAID for any duration covered by Sec. 636(a)(3) of the FAA or other statutory authority applicable to USAID; and/or

(B) A former U.S. Government (USG) direct-hire civilian employee; and/or

(C) An honorable active duty member of the uniformed services based on the definition in 5 U.S.C. 2101(3).

(ii) In addition to the information certified by the contractor in their Offeror Information form, the contracting officer may require the contractor to furnish copies of previously executed contracts, and/or other evidence of previous service (*e.g.*, SF 50, DD Form 214 or 215) to conduct the due diligence necessary to verify creditable previous service.

(3) Annual Leave is provided under this contract primarily for the purposes of providing the contractor necessary rest and recreation during the period of performance. The contractor, in consultation with the Supervisor, must develop an annual leave schedule early in the period of performance, taking into consideration the requirements of the position, the contractor's preference, and other factors. The maximum amount of annual leave that the contractor can carry over from one leave year to the next is limited to 240 hours. The contractor's unused annual leave balance in excess of the 240 hour maximum at the end of the last pay period of each leave year will be forfeited, unless the requirements of the position precluded the contractor from taking such leave. The contractor may be authorized to restore annual leave for exceptional circumstances beyond the control of the contractor. The restoration of annual leave may be approved only by the USAID Administrator, cognizant Assistant Administrator or Head of an Independent Office reporting directly to the USAID Administrator, and cannot be delegated further. Annual leave restored must be scheduled and used no later than either the end of the leave year two years after either—

(i) The end of the leave year two years after the date fixed by the approving official as the termination date of the exceptional circumstances beyond the contractor's control, which resulted in the forfeiture; or

(ii) The end of the contract.

(4) The contractor must use all accrued annual leave during the period of performance. At the end of the contract, the contractor will forfeit any unused annual leave except where the requirements of the position precluded the contractor from taking annual leave. In this case, the contracting officer may authorize the following:

(i) The contractor to take annual leave during the concluding weeks of the contract, not to exceed the period of performance; or

(ii) Payment of a lump-sum for annual leave not taken based on a signed, written determination and findings (D&F) from the contractor's supervisor. The D&F must set out the facts and circumstances that prevented the contractor from taking annual leave, and the contracting officer must find that the contractor did not cause, or have the ability to control, such facts and circumstances. This lump-sum payment must not exceed the number of days the contractor could have accrued during a twelve (12)-month period based on the contractor's accrual rate.

(5) The contractor may be granted advanced annual leave by the contracting officer when circumstances warrant. Advanced leave must be approved by the Mission Director, cognizant Assistant Administrator, or Head of an Independent Office reporting directly to the Administrator, as appropriate. In no case may the contracting officer grant advanced annual leave in excess of the amount the contractor can accrue in a twelve (12)-month period or over the life of the contract, whichever is less. At the end of the period of performance or at termination, the contractor must reimburse USAID for any outstanding balance of advanced annual leave provided to the contractor under the contract.

(b) Sick Leave. The contractor may use sick leave on the same basis and for the same purposes as USAID direct-hire employees. The contractor will accrue sick leave at a rate not to exceed four (4) hours every two (2) weeks for a maximum of thirteen (13) workdays per year based on a full-time, 40-hour workweek, and the rate of accrual will be prorated if the contract provides for a shorter workweek. The contractor may carry over unused sick leave from year to year under the same contract, and to a new follow-on contract for the same work at the same place of performance. The contractor is not authorized to carry over sick leave to a new contract for a different position or at a different location. The contractor will not be compensated for unused sick leave at the completion of this contract.

(c) Home Leave. (1) The contractor may be granted home leave to be taken only in the U.S., its commonwealth, possessions, or territories, in one continuous period, under the following conditions:

(i) The contractor must complete twenty-four (24) continuous months of service abroad under this contract, and must not have taken more than thirty (30) workdays leave (annual, sick, or LWOP) in the U.S., its commonwealths, possessions, or territories. The required service abroad will include the actual days in orientation in the U.S. (excluding any language training), travel time by the most direct route, and actual days abroad beginning on the date of arrival in the cooperating country. Any annual and sick leave taken abroad, excluding leave without pay (LWOP), will count toward the period of service abroad. Any days of annual and sick leave taken in the U.S., its commonwealths, possessions, or territories will not be counted toward the required twenty-four (24) months of service abroad.

(ii) The contractor must agree to return immediately after completing home leave to continue performance for an additional—

(A) Two (2) years, or

(B) Not less than one (1) year, if approved in writing by the Mission Director before the contractor departs on home leave.

(iii) If the contractor agrees to meet the conditions in paragraph (c)(1)(ii) of this clause above by returning to the same USAID Mission under this contract or a new contract, the contractor may be granted thirty (30) workdays of home leave.

(iv) If the contractor agrees to meet the continued performance conditions of paragraph (c)(1)(ii) of this clause and will be relocating to a different USAID Mission under a new USAID

personal services contract immediately following the completion of home leave, the contractor may be granted twenty (20) workdays of home leave. USAID will provide the contractor these twenty days of home leave under this contract, not under the new contract.

(v) If home leave eligibility is based on paragraph (c)(1)(iv) of this clause, prior to departure on home leave, the contractor must submit to the contracting officer at the current Mission, a copy of the new contract with a special award condition in the contract Schedule indicating the contractor's obligation to fulfill the commitment for continued performance in accordance with paragraph (c)(1)(ii) of this clause.

(2) Notwithstanding the requirements in paragraph (c)(1) of this clause, the contractor may be granted advanced home leave subject to all of the following conditions:

(i) Granting of advanced home leave would serve in each case to advance the attainment of the objectives of this contract; and

(ii) The contractor has served at least eighteen (18) months abroad, as defined in paragraph (c)(4) of this clause, at the same USAID Mission under this contract, and has not taken more than 30 work days leave (annual, sick or LWOP) in the U.S.; and

(iii) The contractor agrees to return immediately to the same Mission to complete the time remaining to meet the twenty-four (24) month period of service required for home leave, which begins after the contractor returns from home leave, plus an additional—

(A) Two (2) years, or

(B) Not less than one (1) year, if approved by the Mission Director, under the current contract, or under a new contract for the same or similar services at the same Mission, before the contractor departs on home leave.

(3)(i) Home leave must be taken only in the U.S., its commonwealths, possessions, or territories. Any days spent in any other location will be charged to annual leave, or if the contractor does not have accrued annual leave to cover these days, the contractor will be placed on LWOP.

(ii) Travel time by the most direct route is authorized in addition to the home leave authorized under this “Leave and Holidays” clause. Salary during travel to and from the U.S. for home leave will be limited to the time required for travel by the most direct and expeditious route. Additional home leave travel requirements are included in the “Travel and Transportation Expenses” clause of this contract.

(iii) Except for reasons beyond the contractor's control as determined by the contracting officer, the contractor must return abroad immediately after home leave to fulfill the additional required continued performance of services for any home leave provided under this contract, or else the contractor must reimburse USAID for the salary and benefits costs of home leave, travel and transportation, and any other payments related to home leave.

(iv) Unused home leave is not reimbursable under this contract.

(4) The contracting officer may authorize the contractor to spend no more than five (5) days in work status for consultation at USAID/Washington while on home leave in the U.S., before

returning abroad. Consultation in excess of five (5) days or at locations other than USAID/Washington must be approved in advance by the Mission Director or the contracting officer.

(d) Home Leave for Qualifying Posts. (1) If the contractor ordinarily qualifies for home leave and has completed a 12-month period at one of the USAID qualifying Missions, as announced by the Department of State or USAID, the contractor is entitled to ten (10) workdays of home leave in addition to the home leave the contractor is normally entitled to in accordance with paragraph (c) of this “Leave and Holidays” clause.

(2) There is no requirement that an eligible contractor take this additional home leave for qualifying Missions; it is for use at the contractor's option. If the contractor is eligible and elects to take such home leave, the contractor must take all ten (10) workdays at one time in the U.S. under the conditions described in paragraphs (c)(3) and (c)(4) of this clause. If the contractor is returning to the U.S. and not returning abroad to the same or different USAID Mission, the contractor is not eligible for home leave for qualifying Missions, and this paragraph (d) will not apply.

(e) Holidays and Administrative Leave. The contractor is entitled to all holidays and administrative leave granted by USAID to U.S. direct-hire employees as announced by the Agency or Mission.

(f) Military Leave. Military leave of not more than fifteen (15) calendar days in any calendar year may be granted to a contractor who is a reservist of the U.S. Armed Forces, provided that the military leave has been approved, in advance, by the contracting officer or the Mission Director. A copy of the contractor’s official orders and the contracting officer or Mission Director approval will be part of the contract file.

(g) Leave Without Pay (LWOP). The contractor may be granted LWOP only with the written approval of the contracting officer or Mission Director, unless a such leave is requested for family and medical leave purposes under paragraph (i) of this clause.

(h) Compensatory Time. USAID may grant compensatory time off only with the written approval of the contracting officer or Mission Director in rare instances when it has been determined absolutely essential and consistent with the policies that apply to USAID U.S.-direct hire employees. The contractor may use earned compensatory time off in accordance with policies that apply to USAID direct-hire employees.

(i) Family and Medical Leave.

(1) USAID provides family and medical leave for eligible USPSCs working within the U.S., or any territories or possession of the U.S., in accordance with Title I of the Family and Medical Leave Act of 1993, as amended (FMLA), and as administered by the Department of Labor under [29 CFR 825](#). USAID also provides family and medical leave to eligible USPSCs working outside the U.S., or any territories or possession of the U.S., in accordance with this paragraph (i) outside the provisions of Title I of the FMLA as a matter of policy discretion.

(2) Family and medical leave only applies to USPSCs, not any other type of PSC.

(3) In accordance with 29 CFR 825.110, to be eligible for family and medical leave, the contractor must have--

- (i) Been employed or under contract for at least twelve (12) months with a U.S. federal agency as a direct-hire or a personal services contractor; and
- (ii) Performed at least 1,250 hours of service with a U.S. federal agency as a direct hire or a personal services contractor during the previous 12-month period immediately preceding the commencement of family and medical leave.

(4) In accordance with 29 CFR 825.200(a), and USAID's internal policies available in Automated Directive System Chapter 309 (ADS 309), an eligible contractor may take up to twelve (12) workweeks of leave under FMLA, Title I, in any 12-month period for the reasons specified in 29 CFR 825.112.

(5) In accordance with [29 CFR part 825.207](#), the contractor may take LWOP for family and medical leave purposes. However, the contractor may choose to substitute LWOP with accrued annual or sick leave earned under the terms of this contract. If the contractor does not choose to substitute accrued paid leave, the contracting officer, in consultation with the contractor's supervisor, may require the contractor to substitute accrued paid leave for LWOP. The contracting officer must obtain the required certifications for approval of family medical leave in accordance with USAID policy. The contractor must notify the contractor's Supervisor of the intent to substitute paid leave for LWOP prior to the date such paid leave commences. After having invoked the entitlement to family and medical leave and taking LWOP for that purpose, the contractor cannot retroactively substitute paid leave for the LWOP already taken under family and medical leave.

(6) Family medical leave is not authorized for any period beyond the completion date of this contract.

(7) When requesting family medical leave, the contractor must submit the relevant leave request in writing, including certifications and other supporting documents required by 29 CFR 825 and USAID policy in ADS 309.

(8) The U.S. Department of Labor's (DOL's) [Wage and Hour Division \(WHD\) Publication 1420](#) explains the FMLA's provisions and provides information concerning procedures for filing complaints for violations of the Act.

(j) *Paid Parental Leave.*

(1) If the contractor is eligible for family and medical leave in accordance with paragraph (i) "Family and Medical Leave" of this clause, then instead of family and medical leave, the contractor may be authorized to take paid parental leave as specified in this paragraph, similar to that provided to USAID direct-hire employees. When authorized to do so by the contracting officer, the contractor may elect to substitute paid parental leave for up to twelve (12) workweeks of family and medical leave, as specified in paragraph (i) of this clause. The contractor may take such paid parental leave after the occurrence of the birth or

placement of a child which results in the contractor assuming and continuing a parental role with respect to the newly born or placed child in accordance with the requirements of this paragraph (j).

(2) Paid parental leave may be taken intermittently or on a reduced leave schedule, subject to the mutual agreement of the contractor and their supervisor. Paid parental leave must be used no later than the end of the 12-month period beginning on the date of the birth or placement involved. At the end of that 12-month period, any unused balance of paid parental leave expires and is not available for future use. No payment will be made for unused or expired paid parental leave. Paid parental leave is not annual leave, and thus will not be included in any lump-sum payment for annual leave following completion or termination of the contract.

(3) To establish eligibility for paid parental leave, the contracting officer may require the contractor to provide documentation of entitlement and a signed certification. Appropriate documentation of entitlement is to show that the contractor's use of paid parental leave is directly connected with a birth or placement that has occurred, such as a birth certificate or a document from an adoption or foster care agency regarding the placement. By the signed certification, the contractor is attesting that the paid parental leave is being taken by the contractor in connection with the documented birth or placement, and that the contractor has a continuing parental role with respect to the newly born or placed child.

(4) (i) The contractor may not use any paid parental leave unless the contractor agrees in writing, before commencement of the leave, to return immediately after completing paid parental leave to continue performance under this contract for at least 12 workweeks. This 12-workweek period of performance obligation begins on the contractor's first scheduled workday after the contractor concludes taking such leave, whether taken consecutively or intermittently, regardless of the amount of leave taken. The period of performance obligation by the contractor is fixed at 12 workweeks regardless of the amount of leave used by the contractor. Due to this 12-workweek mandatory period of performance obligation, the contracting officer will not authorize paid parental leave for use by the contractor within the last 12 workweeks before the contract end date, including option periods if any, regardless whether exercised. Within the last 24 workweeks of the contract, because of the mandatory 12-week period of obligation, the contracting officer will only authorize paid parental leave for any time remaining before the contract end date beyond the 12-week mandatory period of performance. Any paid parental leave taken by the contractor as well as the 12-week period of performance obligation must be completed by the contract end date, including any option periods, regardless of whether exercised.

(ii) If the contractor is eligible for paid parental leave, but is physically or mentally incapable of entering into the period of performance obligation agreement before the period of leave, such leave may be temporarily authorized, or retroactively invoked upon return to duty, subject to a determination that, in the Agency's judgment, the contractor was incapable of entering into such agreement in accordance with the requirements of this paragraph (4) at the time

of the commencement of the leave entitlement.

(5) (i) If, during the period of paid parental leave or of the required 12-workweek period of performance obligation, the contractor learns, or decides, they will not be able or willing to complete the period of performance obligation, the contractor must notify their supervisor and contracting officer of the situation as soon as possible. After receiving such notice, the contracting officer will coordinate with the supervisor to determine whether reimbursement is required in accordance with this paragraph (5).

(ii) If the contractor fails to return to work for the required 12-week obligation, the Agency will require reimbursement from the contractor of an amount equal to the total amount of the Government contributions paid by the Agency to or on behalf of the contractor to maintain the contractor's health insurance coverage during the period of paid parental leave.

(iii) The contracting officer may waive the reimbursement requirement of this paragraph (5) if the contractor is unable to fulfill the required 12-workweek obligation for any of the following reasons:

(A) In the Agency's judgment, the contractor is unable to return to work because of the continuation, recurrence, or onset of a serious health condition (including mental health) of the contractor or the newly born or placed child—but only if the condition is related to the applicable birth or placement; or

(B) In the Agency' judgment, the contractor is unable to return to work due to circumstances beyond the contractor's control that precludes performance under the contract; or

(C) The contracting officer terminates the contract for convenience in accordance with the clause entitled "Termination", or does not exercise any option period.

(k) Leave Records. The contractor must maintain their current leave records and make them available as requested by the Mission Director or the contracting Officer.

(ii) Any actions taken against a Contractor employee, subcontractor, subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(e) *Remedies.* In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h), or (i) of this clause may result in-

(1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;

(2) Requiring the Contractor to terminate a subcontract;

(3) Suspension of contract payments until the Contractor has taken appropriate remedial action;

(4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;

(7) Suspension or debarment.

(f) *Mitigating and aggravating factors.* When determining remedies, the Contracting Officer may consider the following:

(1) *Mitigating factors.* The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.
